**DISCIPLINARY ORDER**

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. C 52205 issued to Respondent GYOUNG JAE PARK, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for thirty-five (35) months on the following terms and conditions.

1. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The medical record keeping course shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A medical record keeping course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

2. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a professionalism program, that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Respondent shall participate in and successfully complete that program. Respondent shall provide any information and documents that the program may deem pertinent. Respondent shall successfully complete the classroom component of the program not later than six (6) months after

Respondent's initial enrollment, and the longitudinal component of the program not later than the time specified by the program, but no later than one (1) year after attending the classroom component. The professionalism program shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A professionalism program taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the program would have been approved by the Board or its designee had the program been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the program or not later than 15 calendar days after the effective date of the Decision, whichever is later.

3. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

4. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE NURSES. During probation, Respondent is prohibited from supervising physician assistants and advanced practice nurses.

5. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

1           6.    QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
2 under penalty of perjury on forms provided by the Board, stating whether there has been  
3 compliance with all the conditions of probation.

4           Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
5 of the preceding quarter.

6           7.    GENERAL PROBATION REQUIREMENTS.

7           Compliance with Probation Unit

8           Respondent shall comply with the Board's probation unit.

9           Address Changes

10          Respondent shall, at all times, keep the Board informed of Respondent's business and  
11 residence addresses, email address (if available), and telephone number. Changes of such  
12 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
13 circumstances shall a post office box serve as an address of record, except as allowed by Business  
14 and Professions Code section 2021(b).

15          Place of Practice

16          Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
17 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
18 facility. Respondent providing occasional medical advice to his patients via telephone from his  
19 home is not a violation of this agreement as long as the care and treatment is documented in the  
20 patient's medical records housed in respondent's medical office.

21          License Renewal

22          Respondent shall maintain a current and renewed California physician's and surgeon's  
23 license.

24          Travel or Residence Outside California

25          Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
26 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
27 (30) calendar days.

28          In the event Respondent should leave the State of California to reside or to practice

Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return.

8. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

9. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the

1 exception of this condition and the following terms and conditions of probation: Obey All Laws;  
2 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or  
3 Controlled Substances; and Biological Fluid Testing.

4 10. COMPLETION OF PROBATION. Respondent shall comply with all financial  
5 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
6 completion of probation. Upon successful completion of probation, Respondent's certificate shall  
7 be fully restored.

8 11. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
9 of probation is a violation of probation. If Respondent violates probation in any respect, the  
10 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
11 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,  
12 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have  
13 continuing jurisdiction until the matter is final, and the period of probation shall be extended until  
14 the matter is final.

15 12. LICENSE SURRENDER. Following the effective date of this Decision, if  
16 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
17 the terms and conditions of probation, Respondent may request to surrender his or her license.  
18 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
19 determining whether or not to grant the request, or to take any other action deemed appropriate  
20 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
21 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
22 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
23 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
24 application shall be treated as a petition for reinstatement of a revoked certificate.

25 13. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
26 with probation monitoring each and every year of probation, as designated by the Board, which  
27 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
28 California and delivered to the Board or its designee no later than January 31 of each calendar

1 year.

## JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Board deems proper.

5. Section 2234 of the Code, states:

“The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

“(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

“(b) Gross negligence.

“(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

“(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

“(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

“(d) Incompetence.

“(e) The commission of any act involving dishonesty or corruption which is substantially related to the qualifications, functions, or duties of a physician and surgeon.

1           “(f) Any action or conduct which would have warranted the denial of a certificate.

2           “(g) The practice of medicine from this state into another state or country without  
3 meeting the legal requirements of that state or country for the practice of medicine. Section  
4 2314 shall not apply to this subdivision. This subdivision shall become operative upon the  
5 implementation of the proposed registration program described in Section 2052.5.

6           “(h) The repeated failure by a certificate holder, in the absence of good cause, to  
7 attend and participate in an interview by the board. This subdivision shall only apply to a  
8 certificate holder who is the subject of an investigation by the board.”

9           6.     Section 2216 of the Code states:

10           “On or after July 1, 1996, no physician and surgeon shall perform procedures in an  
11 outpatient setting using anesthesia, except local anesthesia or peripheral nerve blocks, or both,  
12 complying with the community standard of practice, in doses that, when administered, have the  
13 probability of placing a patient at risk for loss of the patient's life preserving protective reflexes,  
14 unless the setting is specified in H & S C § 1248.1. Outpatient settings where anxiolytics and  
15 analgesics are administered are excluded when administered, in compliance with the community  
16 standard of practice, in doses that do not have the probability of placing the patient at risk for loss  
17 of the patient's life preserving protective reflexes.

18           “The definition of ‘outpatient settings’ contained in subdivision (c) of Section 1248 [of the  
19 Health and Safety Code] shall apply to this section.”

20           7.     Section 2264 of the Code states:

21           “The employing, directly or indirectly, the aiding, or the abetting of any unlicensed person  
22 or any suspended, revoked, or unlicensed practitioner to engage in the practice of medicine or any  
23 other mode of treating the sick or afflicted which requires a license to practice constitutes  
24 unprofessional conduct.”

25           8.     Section 2266 of the Code states:

26           “The failure of a physician and surgeon to maintain adequate and accurate records relating  
27 to the provision of services to their patients constitutes unprofessional conduct.”

28           9.     Section 2259.8 of the Code provides in pertinent part:

1 Notwithstanding any other provision of law, an elective cosmetic surgery may not be  
2 performed on a patient unless the patient has received, within 30 days prior to the surgery, an  
3 appropriate physical examination and written clearance from the physician and surgeon who will  
4 be performing the surgery; or another licensed physician and surgeon; or a certified nurse  
5 practitioner; or a licensed physician assistant.

6 **FIRST CAUSE FOR DISCIPLINE**

7 **(Gross Negligence)**

8 10. Respondent Gyoung Jae Park, M.D. is subject to disciplinary action under Code  
9 section 2234, subdivision (b), in that he was grossly negligent in his care and treatment of patient  
10 J.K. The circumstances are as follows:

11 **Factual Allegations**

12 A. Patient J.K. was initially seen by a lay consultant on June 23, 2010, at  
13 Respondent's medical offices. A non-licensed individual scheduled her surgery, ordered  
14 preoperative lab tests, and dispensed Keflex to J.K. The patient was not seen or examined  
15 by Respondent on this date.

16 B. Patient J.K. first saw Respondent on June 26, 2010, the day he performed her  
17 surgery. The surgery was for liposuction of the abdomen, waist, lower back, and fat  
18 grafting to the face and breasts. Respondent did not do a complete history or physical exam  
19 of the patient, nor did Respondent get written clearance from another licensed health care  
20 professional prior to performing the procedures.

21 C. J.K. was given Lorazepam (or Ativan, used to treat anxiety); hydroxyzine,  
22 (also used for the relief of anxiety); and nalbuphine (used for the relief of moderate to  
23 severe pain). 3000 cc's of fat were aspirated from her abdomen, flanks and back. Fat was  
24 grafted to her face and injected into her breasts. There was no intraoperative or  
25 postoperative monitoring of her vital signs.

26 D. Respondent's surgical facility is not certified or accredited. The patient was  
27 seen for follow up visits on June 28, June 29, and July 6, 2010.

28 //

1        **Allegations of Gross Negligence**

2            E.     Respondent was grossly negligent because he performed a surgery at an  
3        unaccredited facility in which procedures are done with anesthesia. He gave J.K. pre-  
4        medication orally and intramuscularly, so it was possible for the patient to lose protective  
5        airway reflexes. The use of these pre-operative medications and the volume of tumescent  
6        local anesthetic solution constituted the use of more than local anesthesia alone.

7            F.     Respondent was grossly negligent because his documentation of a history and  
8        physical and intraoperative and postoperative monitoring was inadequate.

9                                **SECOND CAUSE FOR DISCIPLINE**

10                              **(Repeated Negligent Acts)**

11           11.     Respondent Gyoung Jae Park, M.D. is subject to disciplinary action under section  
12        2234, subdivision (c), in that he was negligent in his care and treatment of patient J.K. The  
13        circumstances are as follows:

14            A.     Complainant realleges the allegations in paragraph 6, A through F, as though  
15        fully set forth herein.

16            B.     Only a physician or licensed person can order lab tests and dispense  
17        prescription medication; Respondent was negligent when he allowed a layperson to perform  
18        these tasks.

19            C.     Respondent was negligent when he performed the consultation on the same day  
20        as the surgery.

21            D.     Respondent was negligent because he performed a surgery at an unaccredited  
22        facility in which procedures are done with anesthesia.

23                              **THIRD CAUSE FOR DISCIPLINE**

24                              **(Restrictions on Use of Anesthesia)**

25           12.     Respondent Gyoung Jae Park, M.D., is subject to disciplinary action under section  
26        2216, in that he performed a procedure which could have placed the patient at risk for the loss of  
27        life preserving protective reflexes. The circumstances are as follows:

28        //

1           A.    On or about June 26, 2010, Respondent performed several procedures on  
2 patient J.K. He gave her premedication orally and intramuscularly, so it was possible for  
3 the patient to lose protective airway reflexes. The use of these pre-operative medications  
4 and the volume of tumescent local anesthetic solution constituted the use of more than local  
5 anesthesia alone.

6                                   **FOURTH CAUSE FOR DISCIPLINE**

7                                   **(Aiding and Abetting Unlicensed Persons)**

8           13.   Respondent Gyoung Jae Park, M.D., is subject to disciplinary action under section  
9 2264, in that he aided and abetted the unlicensed practice of medicine. The circumstances are as  
10 follows:

11           A.    Patient J.K. was initially seen by a lay consultant on June 23, 2010, at  
12 Respondent's medical offices. A non-licensed individual scheduled her surgery, ordered  
13 preoperative lab tests, and dispensed Keflex to J.K. The patient was not seen or examined  
14 by Respondent on this date.

15                                   **FIFTH CAUSE FOR DISCIPLINE**

16                                   **(Failure to Maintain Adequate Records)**

17           14.   Respondent Gyoung Jae Park, M.D., is subject to disciplinary action under section  
18 2266, in that he failed to maintain adequate records. The circumstances are as follows:

19           A.    Respondent's documentation of a history and physical and intraoperative and  
20 postoperative monitoring was inadequate.

21                                   **SIXTH CAUSE FOR DISCIPLINE**

22                                   **(Failure to Obtain Written Clearance and Perform and Physical Exam)**

23           15.   Respondent Gyoung Jae Park, M.D., is subject to disciplinary action under section  
24 2259.8, in that he failed to do a physical exam or obtain written clearance for the procedure prior  
25 to doing the elective cosmetic surgery. The circumstances are as follows:

26           A.    Prior to performing the surgery on June 26, 2010, Respondent did not perform a  
27 physical exam, nor did he get written clearance to do the surgery.

2 **PRAYER**

3 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,  
4 and that following the hearing, the Medical Board of California issue a decision:
